CENTRAL GOLDTRUST ANNOUNCES PROPOSED OFFERING

TORONTO, Ontario (June 15, 2010) - Central GoldTrust of Ancaster, Ontario announced today that it plans to offer Units of Central GoldTrust to the public in Canada (except Québec) and in the United States under its existing U.S.\$800,000,000 base shelf prospectus dated June 8, 2009 and filed with the securities commissions in each of the provinces and territories of Canada, except Québec, and under the multijurisdictional disclosure system in the United States pursuant to a proposed underwritten offering by CIBC. Central GoldTrust will only proceed with the offering if it is non-dilutive to the net asset value of the Units owned by the existing Unitholders of Central GoldTrust.

The entire original amount of U.S.\$800,000,000 provided for in the base shelf prospectus is available for this offering.

Substantially all of the net proceeds of the offering will be used for gold bullion purchases, in keeping with the asset allocation provisions outlined in Central GoldTrust's Declaration of Trust and the related policies established by its Board of Trustees. Any additional capital raised by the offering is expected to assist in reducing the annual expense ratio in favour of all Unitholders of Central GoldTrust.

Before you invest, you should read the base shelf prospectus and any other documents Central GoldTrust has filed with the securities commissions in each of the provinces and territories of Canada, except Québec, and the SEC for more complete information about Central GoldTrust and this offering.
